Artist – Dan Curtin

Title – The Fugitive

Matt Edwards (Radio Slave) wow...Dan's on fire here..abstract dance - love both tracks..will test this weekend x

Ripperton (Sthlmaudio, Dessous) This is insane. Burning!

KIKI (B_Pitch control) both tunes are great! deep, dark & dangerous!

Luke Solomon (Freaks / Music For Freaks) Fly by Night...killer featured on Episode 17 of MFF radio show

Seth Troxler hypnotized! Awesome!

Baby Ford (Perlon, Trelik) Really like the combination of dark techno with the house vocals on The Fugitive. Fly By Night is cool also

Kris Wadsworth (Poker Flat / NRK) You can tell 20 seconds in that a master is at the controls. Dan always has so many elements going on and interacting with each other. Its amazing. SUPER dope stuff here. Techno from the heart. This is what I really like. Electronic music! 110 percent behind this and from all sides otherwise. Please contact me if you have vinyl, i want it.

Ernesto Ferreyra (Musique Risque / Cadenza) in my crate! Booom!!

Chris Duckenfield (Swag) A hero for many a moon, typically solid construction, 'Fly By Night' working best for me

Paul Woolford (Bobby Peru / 20:20 Vision) 'Fly By Night' is rather psychedelic. Right up my street. Thank you.

Joey Beltram (R & S, Transmat) Dan Curtin always delivers quality tracks. Will support.

Orde Meikle (Slam / Soma) always been a fan - another set of inventive trax - liking this and playing

Marcel Janovsky (Treibstoff) wohooo! Fly by Night ..

Mr G (Rekids) Dan's bad from time, love his productions – Feeling Fly By Night

MANIK (Ovum) Fly By Night 100% for me. Def up my alley as I'm all about a good use of that 'box' we call Acid. Holler!

Greg Lord (Warehouse Project) darn right heavy tackle and pure electronic funk combined in one. The Fugitive is the one for me, vocals laced over the stabs are killer!

Philip Sherburne (Earplug / EMusic / Urge / Pitchfork / Slate) great stuff, freaky frequencies.

OCH (Pal SL, Stuga) dance floor bombs – 100% effective

Terry Francis (Fabric) liking this!!!

Max (Wave Music / WNUR radio (Chicago)) Big club tracks! My pick is the B side.
